### **Participation of Dr. Nazarii Khrystan to the Erasmus+ research project**

#### **'Conflicts of Memory, Memories of Conflicts : An Interdisciplinary Approach to Cultural Heritage Conservation, Development, Valorisation and Re-attribution of Meaning(s)'**

This is a research project that won an Erasmus+ Starting Grant within the Alliance of 13 European universities, of which Yuriy Fedkovych Chernivtsi National University is a member. The project is a high-profile international project, gathering 19 world renowned scholars from 9 European universities, teaming up to build an application for funding within the European COST programme by the end of October 2025.

Dr. Nazarii Khrystan has been a highly valued member of the research team since spring 2024, contributing to putting together the winning Starting Grant application and actively working with the rest of the team ever since. Dr. Nazarii Khrystan's expertise is absolutely crucial for the success of the project and by participating to forthcoming face-to-face project's workshops and conferences, he will invaluablely enrich them by his own contribution, while benefiting from his colleagues' perspectives to enrich, in turn, his own research on Ukrainian case studies, once he'll be back to his country, thus enhancing its international visibility and impact.
